**LETTER OF INTENT TO JOIN UNICEF AS THE FOUNDING PARTNER OF  
THE CHILDREN'S ENVIRONMENTAL HEALTH COLLABORATIVE**

It is with great pleasure that I sign on to the Children's Environmental Health Collaborative as a founding partner. This letter indicates the World Bank's commitment to protect children from the impacts of climate change and environmental degradation.

As a founding partner to the Collaborative, we commit to the following activities.

1. Advocate for prioritizing children's environmental health in key international forums, including through joint co-branded communication and advocacy products, when feasible;
2. Contribute research on the specific impacts of climate change and environmental degradation on children's health, and on how to protect children from these impacts;
3. Provide analytical support and technical assistance to governments on children's environmental health, when feasible;
4. Participate in joint convenings and promote coherent approaches to protecting children environmental health.

We agree to have our logo displayed amongst the founding partners on the Collaborative's website and updated brochure, and working with UNICEF to advance children's health, development and well-being.

Sincerely,

Valerie Hickey
