

LETTER OF INTENT TO JOIN CHILDREN'S ENVIRONMENTAL HEALTH COLLABORATIVE

It is with great pleasure that I sign on to the Children's Environmental Health Collaborative. This letter indicates Vital commitment to protect children's health and development from the impacts of climate change and environmental degradation.

As part of our contribution to the Collaborative, we commit to the following activities.

1. Contributing to UNICEF's and global knowledge about children's environmental health surveillance, indicator development, data sharing and products
2. Sharing experience on engaging the health service sector and public health sector to better understand and influence programs and policies that influence and mitigate the risk to children from natural, climate, industrial and built environment conditions;
3. Advocating, when feasible, for prioritizing children's environmental health in key international forums, including through joint co-branded communication and advocacy products;
4. Contribute research on the specific impacts of climate change and environmental degradation on children's health and sharing guidance, tools and best-practices to protect children;
5. Provide technical assistance, expertise, and technical resources on children's environmental health; and
6. Participate in joint convenings and promote coherent approaches to protecting children environmental health.

We agree to have our logo displayed amongst the list of partners on the Collaborative's website and working with UNICEF to advance children's health, development and well-being.

Yours sincerely,

Daniel Kass
Senior Vice President for Environmental, Climate & Urban Health
