## LETTER OF INTENT TO JOIN

### CHILDREN'S ENVIRONMENTAL HEALTH COLLABORATIVE

It is with great pleasure that I sign on to the Children's Environmental Health Collaborative. This letter indicates Centre for Children's Environmental Health of South Africa's commitment to protect children from the impacts of climate change and environmental degradation.

As part of our contribution to the Collaborative, we commit to the following activities.

Below are the key areas that our organization will contribute towards.

1. Advocate for prioritizing children's environmental health in key international forums, including through joint co-branded communication and advocacy products, when feasible;
2. Contribute research on the specific impacts of climate change and environmental degradation on children's health and sharing guidance, tools and best practices to protect children from these impacts;
3. Provide technical assistance, expertise and technical resources on children's environmental health;

4. Participate in joint convenings and promote coherent approaches to protecting children environmental health.

We agree to have our logo displayed amongst the list of partners on the Collaborative's website and updated brochure, and working with UNICEF to advance children's health, development and well-being.

Yours sincerely,

Name: Mapula Amanda Mbikwana

Title: Director

Organization: Centre for Children's Environmental Health of South Africa (CCEHSA)
