LETTER OF INTENT

TO JOIN CHILDREN'S ENVIRONMENTAL HEALTH COLLABORATIVE

It is with great pleasure that I sign on to the Children's Environmental Health Collaborative. This letter indicates the commitment of the Ministry of Health of the Republic of Azerbaijan to protect children from the impacts of climate change and environmental degradation.

As part of our contribution to the Collaborative, we commit to the following activities:

- Advocate for prioritizing children's environmental health in key international forums, including through joint co-branded communication and advocacy products, when feasible;
- Contribute research on the specific impacts of climate change and environmental degradation on children's health and sharing guidance, tools and best practices to protect children from these impacts;
- Provide technical assistance, expertise and technical resources on children's environmental health;
- 4. Participate in joint convenings and promote coherent approaches to protecting children's environmental health;
- Take leadership in strengthening health system preparedness and responsiveness for climate change and environmental impacts through enhancement of capacities of human resources for health and institutionalization of training programs on environmental health.

We agree to have our logo displayed amongst the list of partners on the Collaborative's website and updated brochure, and working with UNICEF to advance children's health, development and well-being.

Yours sincerely,

A CHARLES PUBLIC MINISOR HICKORY
