LETTER OF INTENT TO JOIN CHILDREN'S ENVIRONMENTAL HEALTH COLLABORATIVE

It is with great pleasure that I sign on to the Children's Environmental Health Collaborative. This letter indicates Occupational Knowledge International's commitment to protect children from the impacts of climate change and environmental degradation.

As part of our contribution to the Collaborative, we commit to the following activities.

1. Advocate for prioritizing children's environmental health and lead poisoning prevention through the media, websites and publications.
2. Contribute research on environmental health and lead poisoning prevention and sharing guidance, tools and best-practices to protect children from these impacts;
3. Provide technical assistance, expertise and technical resources on children's environmental health;
4. Participate in joint convenings and promote coherent approaches to protecting children environmental health.

We agree to have our logo displayed amongst the list of partners on the Collaborative's website and updated brochure, and working with UNICEF to advance children's health, development and well-being.

Please note that our organization has ECOSOC consultative status and are registered with the UN partner portal.

Regards
